RISK ASSESSMENT

Risk Assessment

As a facility provider, you should complete your own COVID-19 Risk Assessment and publish this to your users.

If you are not the facility provider, then you should consider which sections will apply to your clubs individual situation upon returning to play and complete a risk assessment based on your activity, including (but not limited to) people management and communication, hygiene and first aid. You may still wish to record that you have assessed facility risks through enquiries made with your facility provider.

What are the hazards?	Transmission of COVID-19	
Who might be harmed?	Facility users, staff, volunteers, visitors and the wider community	
No	Controls required	Action Taken by the Club
People Management and Communication		
	Self-screening of individuals before they arrive at the venue to ensure individuals displaying COVID-19 symptoms or those who should be shielding do not travel or attend.	On entry into the ground all personnel will be asked to fill in a form for test and trace purposes and will be briefed on all rules and regulations
	An assessment of user numbers, space capacities, venue circulation and layout planning to maintain social distancing.	There will be segregation areas for all players , Officials and spectators and these will be clearly marked via signage
	A plan for where parents and players will sit whilst watching cricket activities.	As above all areas will be cordoned off with adequate signage
	Signage and communication so that all participants and visitors are aware of the control measures in place and how to act appropriately to minimise the risk of transmission of COVID-19.	Signage will be present on entry with the guidelines set out and a leaflet will be given to all parties on entry
	Staff and volunteer training to support the implementation of the plan, with suitable training records.	Inductions to be taken place prior to the start of each game via toolbox talks
Buildings		
	Assess ventilation in your building (natural and mechanical) and take appropriate measures to maximise ventilation and minimise risk of transmission.	There will be no access for players, Officials or spectators into the changing rooms or team room, When accessing the clubhouse you should follow the guidelines set out on entry to the club , There is a one way system in place , With temperature taken on entry into the club , Recorded along with name and email address to assist test and trace

	Assess the maximum occupancy of your rooms at 2m social distancing (or 1m with risk mitigation where 2m is not possible) and establish a suitable circulation system/one-way system. Use signage and floor markings to communicate this.	The clubhouse has been set out in accordance with the government guidelines and under no circumstances should tables or chairs be moved, There is a one way system set out and signed when accessing and egressing the clubhouse ,The toilet will have a one in one out policy with the door locked on entry, There will be 3 hand sanitizer stations with in the clubhouse
	Assess the arrangement of seating areas to maintain social distancing and minimise the risk of transmission.	Around the ground the seating areas will be cordoned off and signed accordingly to maintain social distancing
	Consider your wet weather plans and describe what actions you will take to maintain social distancing in wet weather.	The tea room shall be used for wet weather interruptions and the tables shall be set out as per social distancing guidelines,
Social and Hospitality Areas		
	Plan to solicit and maintain records of your member attendance, customers and visitors - to be maintained for 21 days and then destroyed.	On arrival to the ground all names temperatures and email addresses shall to taken and logged for 21 days
	Identification of suitable areas for outdoor service that don't overlap with cricket activity.	There will be no outdoor service areas available
	Steps taken to minimise time and the number of people at the bar.	When entering the bar there will be a cueing system, 1 person at the bar only , Waiter service will be in place inside the clubhouse for people wishing to stay indoors, Once the capacity is achieved seated indoors people will be turned away or offered to sit outdoors
	Steps taken to minimise contact points at payment or around the hospitality space.	The bar is to use a contactless payment scheme if possible
	Suitable PPE provision and training for staff and volunteers.	All staff to wear PPE in the form off Masks , Aprons and Disposable gloves

	Strategy for the safe serving, clearing and cleaning of glassware and tableware.	Indoors the waiter will clear the tables regularly and constantly sanitize all areas , Outside will be plastic glasses and there will be bins placed around the ground
	Deep cleaning strategy to minimise COVID-19 transmission risk	Prior to opening the club all areas will be deep cleaned and during the day all surfaces will be sprayed and cleaned with anti bacterial spray and wipes at regular intervals
	High-frequency touchpoint cleaning strategy to minimise COVID-19 transmission risk and how you will keep records.	All surfaces to be cleaned at 30minute intervals and records updated accordingly
Hygiene and Cleaning		
	Materials, PPE and training that you have provided to your staff for effective cleaning.	Face masks, Disposable gloves and aprons to be used at All times , Anti bacterial wipes and spray
	Provision of hand washing facilities with warm water, soap, disposable towels and bin.	Toilets have hot water with soap, hand sanitizer disposable towels which will be put in the bin provided
	Provision of suitable hand sanitiser in locations around the facility to maintain frequent hand sanitisation.	3 hand sanitizer stations will be in place , One at the entry into the club one adjacent to the bar and one at the exit form the club
	Provision of suitable wipes and hand sanitiser on the field for hygiene breaks.	All players shall provide their own hand sanitizers and shall be placed in their own space ready for the hygiene breaks
